

## Post-Installation steps for Engineering Studio

In order to work with ABB Engineering Studio BulkSPLTemplate, please do the following:

1. Download & Install the following software from Microsoft website:
  - Install Base (vstor30.exe): Microsoft Visual Studio Tools for the Microsoft Office System (version 3.0 Runtime).
  - Install Service Pack -1(vstor30sp1-KB949258-x86.exe): Microsoft Visual Studio Tools for the Microsoft Office System Service Pack 1 (x86)

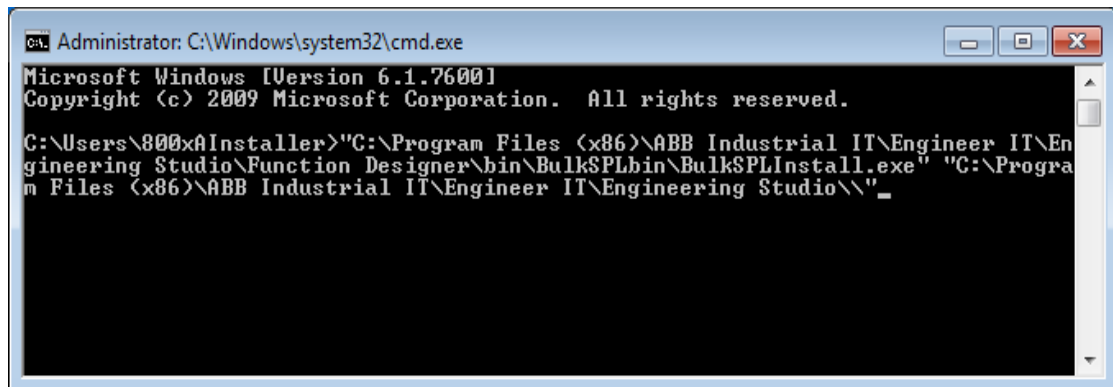

2. Go to command prompt and execute the following command:

### 32bit Operating System:

```
"C:\Program Files\ABB Industrial IT\Engineer IT\Engineering Studio\Function Designer\bin\BulkSPLbin\BulkSPLInstall.exe" "C:\Program Files\ABB Industrial IT\Engineer IT\Engineering Studio\\"
```

### 64bit Operating System:

```
"C:\Program Files (x86)\ABB Industrial IT\Engineer IT\Engineering Studio\Function Designer\bin\BulkSPLbin\BulkSPLInstall.exe" "C:\Program Files (x86)\ABB Industrial IT\Engineer IT\Engineering Studio\\"
```

```
